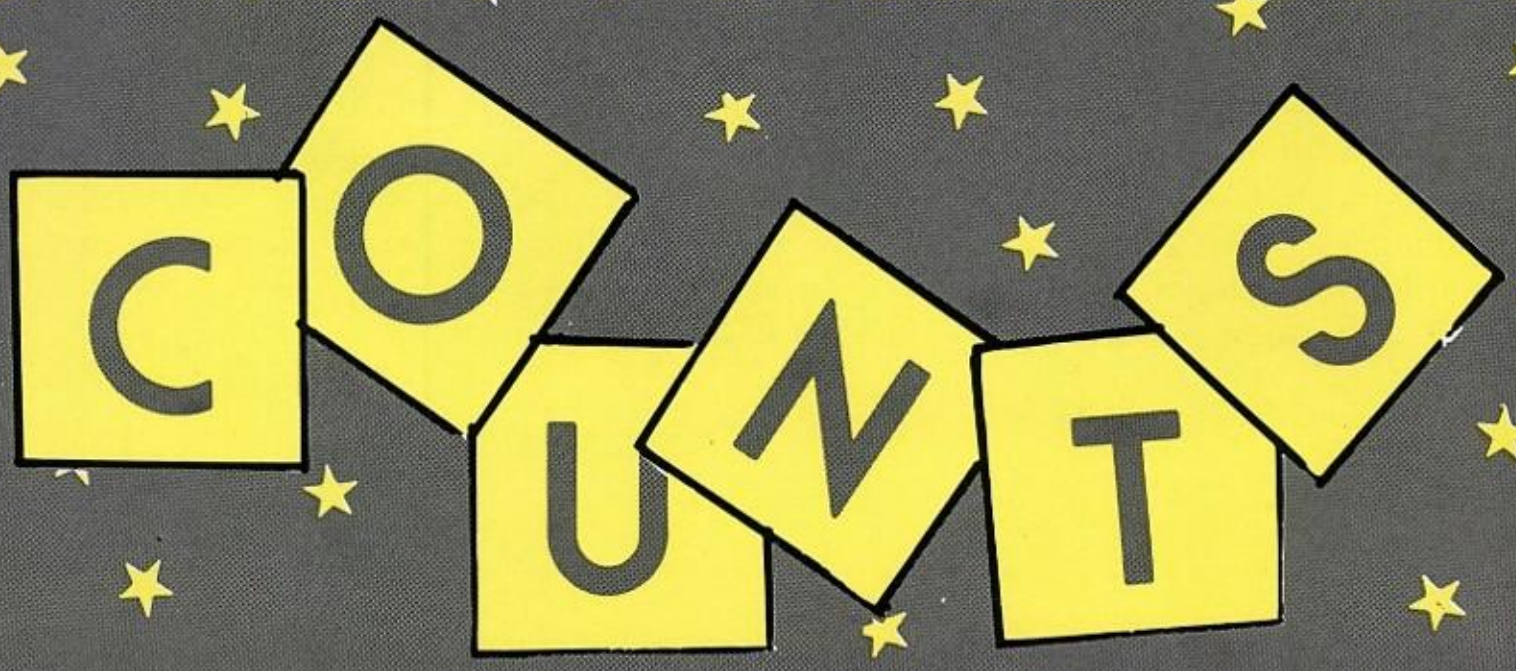
Well, this is it. You are now an official patron of the Greenville High School 1988 Yearbook.

You have entered into a dimension which no one can question or can understand — the 6th dimension. You have crossed the border from reality into a world where nothing makes sense. You see it as you want to see it; it is yours.

You cannot criticize it because you are part of it. You have participated in the making of history. We are not famous yet, but, one day when we are, we'll remember that . . .

IT'S WHAT'S INSIDE THAT



Dedicating the yearbook is the hardest thing we have to do (not really, it just sounded good). So many deserving people are neglected the honor of having a color 8x10 on the third page of the yearbook every year (we have to pay extra for color you know). The following people have played an important role in choosing the nominees for dedication this year. They are: REM, U2, George Harrison, the Beatles, Depeche Mode, George Michael, the Talking Heads, Sting, and Benny King. Thousands of letters have piled on our desk from these famous artists (well, maybe not piled, maybe just stacked, ok, not stacked, no one wrote us). We took these suggestions into mind and found that one group was perfectly described.

WITH OR WITHOUT YOU, PEOPLE ARE PEOPLE so LET IT BE. Have FAITH, IT'S THE SAME AS IT EVER WAS. WE'LL BE TOGETHER so STAND BY ME 'cause WE'VE GOT OUR MINDS SET ON YOU. So . . . THIS ONE GOES OUT TO THE ONES WE LOVE. You make GHS an experience, so here's your color 8x10. For the first time in history (we're really not sure) the yearbook has been dedicated to the STUDENT BODY. Give yourself a hand. Applause, Applause.

JV FOOTBALL

The Lions finished the season 4-6 under Head Coach Gary Callaway. Hard work and determination led to victories over Sherman, Newman-Smith, South Garland, and North Garland. The team pushed their way through the 5AAAAA teams, and although they did not have a winning season, they left a mark in the minds of their opponents reminding them that they would return better and stronger next year.

Upsets and penalties plagued the Varsity team from Greenville, but every week the team came back with a little bit more than before. Just when the crowd thought the team had given the game everything they had, the team would show them and the other team the reason the Greenville Lions have pride. As if persistence during the game weren't enough, the team would be back on the practice field first thing Monday morning getting the technique just right. The Lions fought every step of the way to stand up in a crowd of football clubs to play what they had learned to love and hate — the game of football.

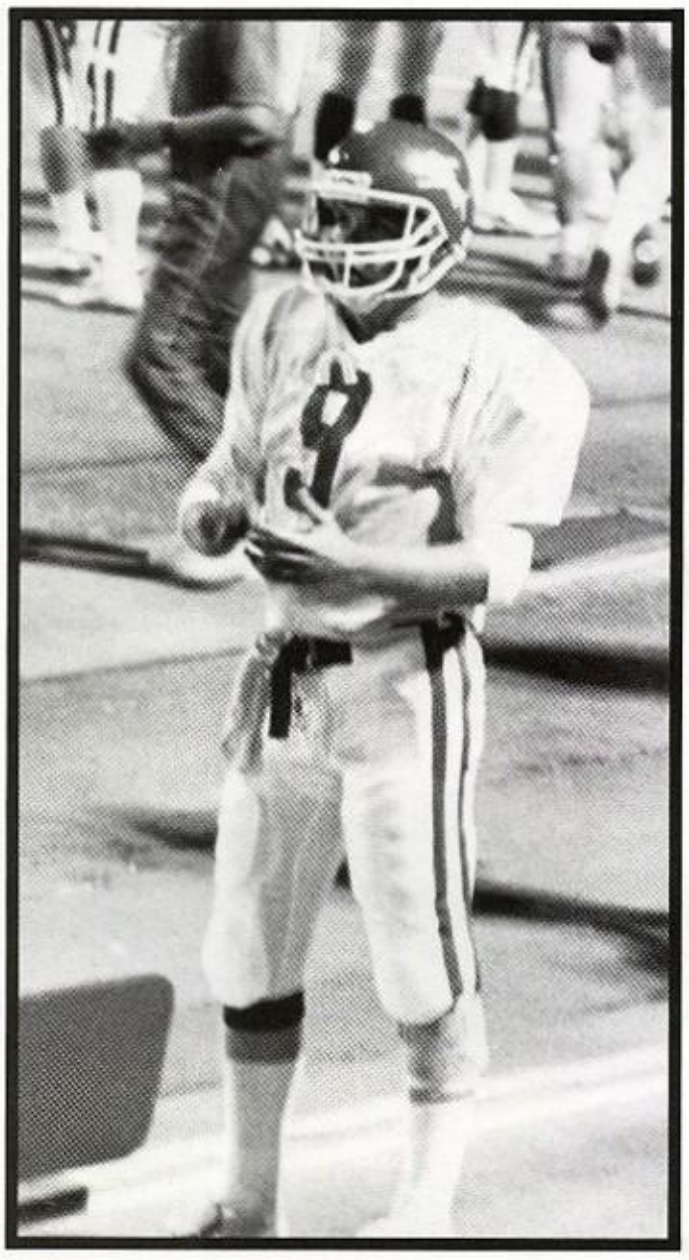
VARSITY FOOTBALL

Q: What do you think about the Lion's Varsity team?

A: "I think we played against a lot of tough teams but we always gave them a run for their money. The Lions had a hard season, but they never backed down no matter how hard the competition was."



1

1. Quarterback Heath Jarvis, shown here warming up while the defense is on the field, led the Lions to four victories this season. 2. The lions try to read their opponent's play on the line in order to block them. 3. Seated with the other Varsity players, Jeff Smith and Brian Jones watch the pep rally performance.

3

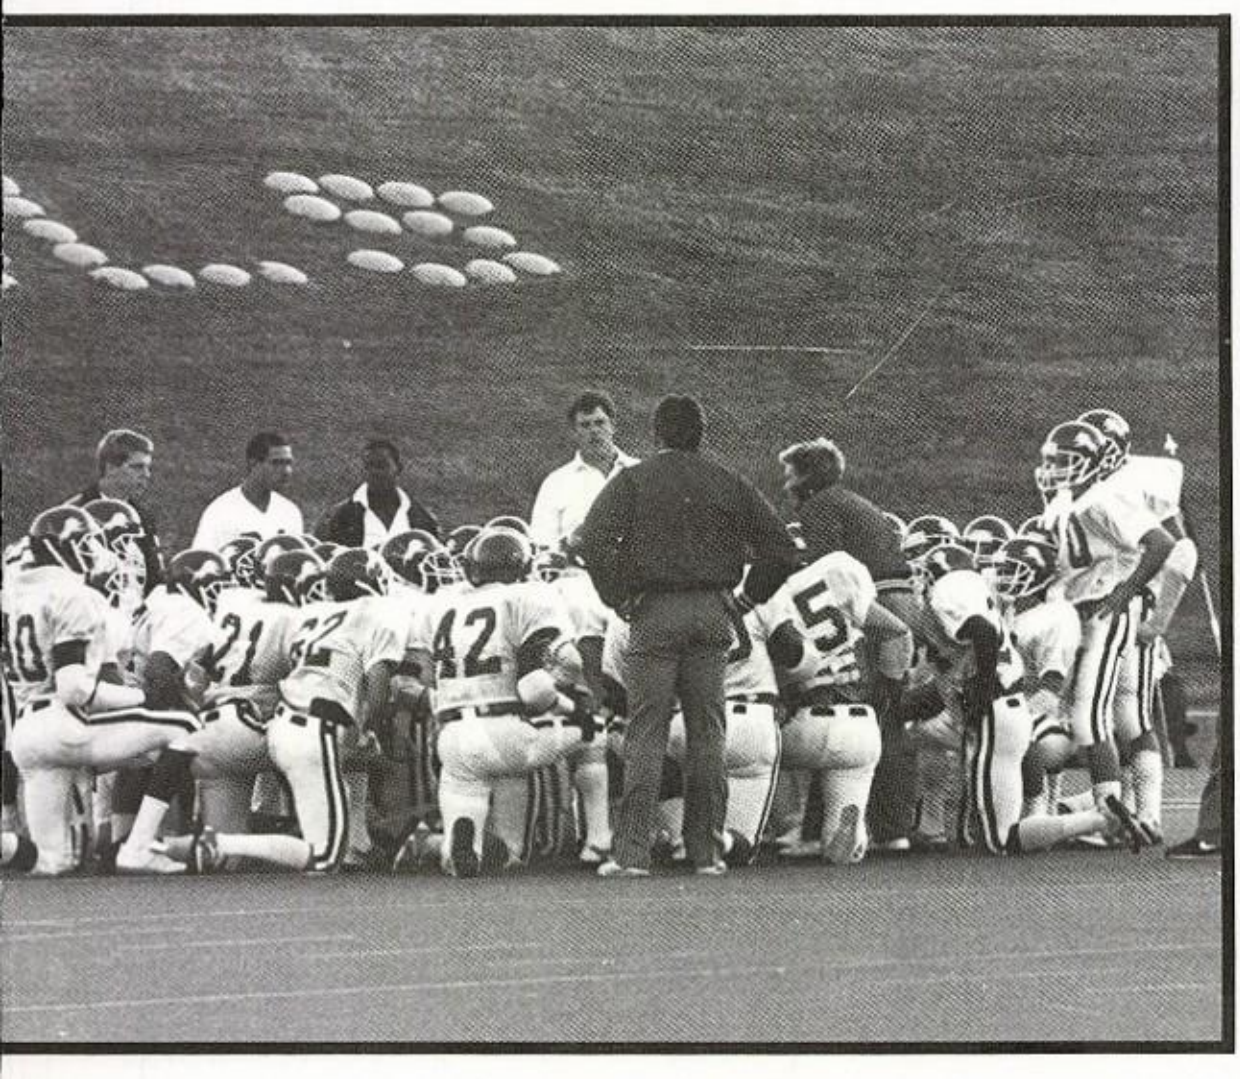
2



1. After a rough play, Joe DeGarso is helped off the field. The play, one of many resulting in injury, kept DeGarso out of the rest of the game. 2. Doc Ake watches the field for any injuries that might occur. The Lions were plagued with injuries this year which really kept Ake on his feet. 3. At the Mesquite stadium, the coaches gather the team together going into the locker rooms for a final word of encouragement before.

JV FOOTBALL

The Junior Varsity Lions began with a slow start but proved to their opponents that they were not playing around. The team played their hardest against teams whose size made it seem impossible to win. The team held on. Led by Coaches O'Dell, Mack, and Gish, the team set a standard for the team to come and one they will carry with them to the Varsity team.

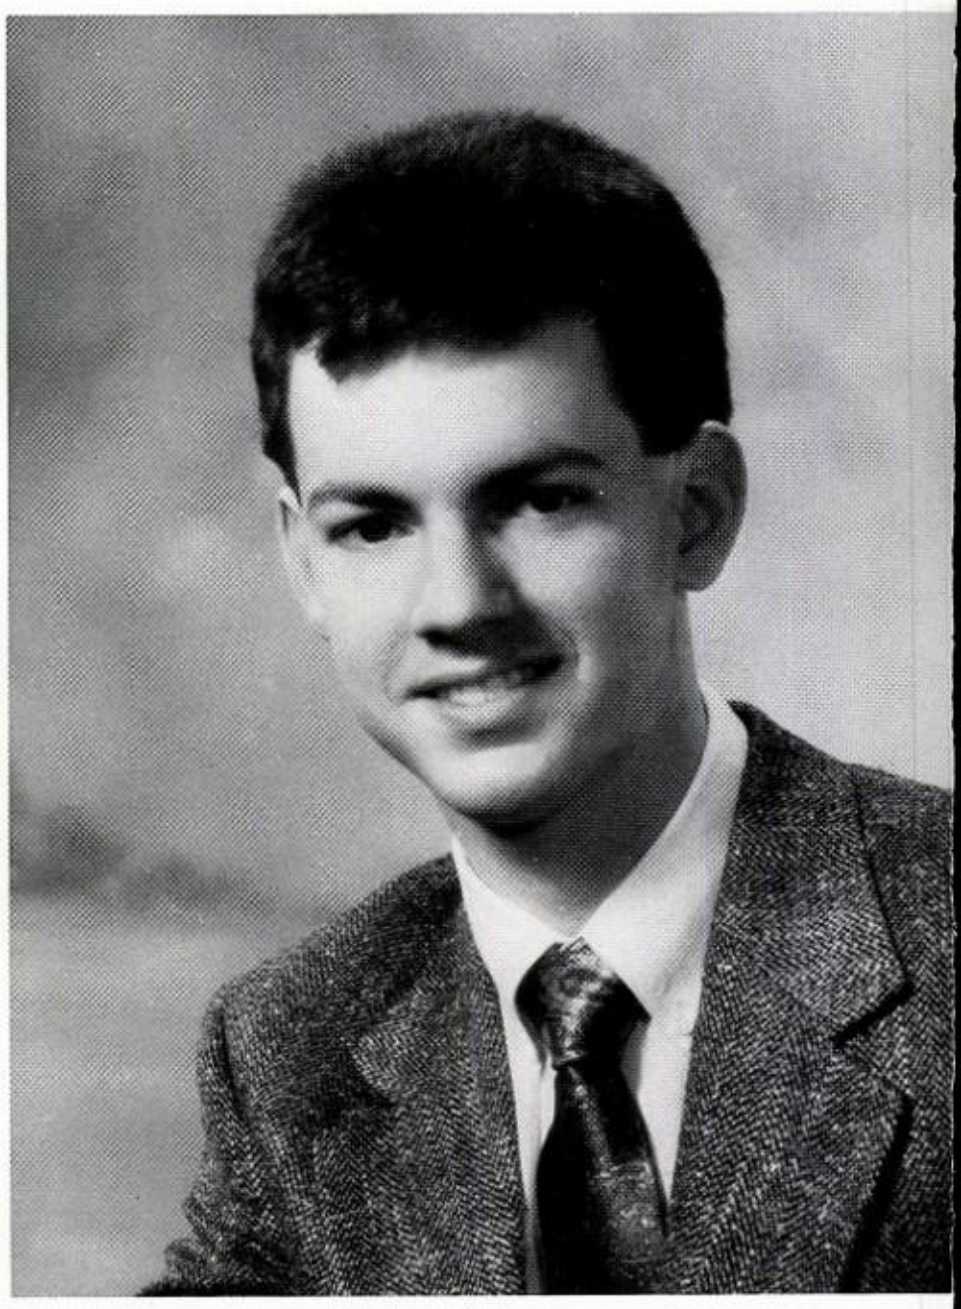
Outstanding Senior

Deionna Wilburn

As a graduating senior, Deionna Wilburn participated in many activities. This year she was vice-president of the Student Council, reporter of NHS, president of the FTA, and for the fourth year she was part of the German Club. She enjoys dancing, and expresses that interest as an officer of the Flaming Flashes. Other interests include poetry, literature, music and art.

This fall she will enter the University of Texas Engineering Honors program. Her major will be civil engineering, and she hopes to enter law school after her under-graduate years.



Jeff Love

All Jeff Love's hard work is what makes him an Outstanding Senior. His many academic awards show how important education is to him. He has been on the honor roll, a superintendent's scholar, and he received the Academic Excellence Award. He was selected to be part of Who's Who, Boys' State, National Honors Society, Olympics of the Mind (where he served as team captain), and Yearbook Staff as head photographer. Jeff has participated in many other school activities and clubs.

Jeff's interests include reading, photography, hunting, and many sports. He plans to attend Texas A&M and major in civil engineering. He hopes to obtain his master's degree.

Liz Fell

Liz Fell was a great member of the senior class. She served as treasurer in the Student Council while also serving as vice-president of the National Honor Society. A Cappella choir was important to Liz. She served as Librarian of the organization. Her other school activities include French Club and FLA.

Liz enjoys doing things with her church, Highland Terrace. Her main goal of life is to serve Jesus Christ and do His will. Her other goal is to attend Texas A&M University and major in Elementary Education.

Keith Winters

As a member of the Varsity Tennis Team for four years, Keith Winters has represented his school well. His involvement with school activities has made him an Outstanding Senior, indeed. He served as treasurer of the DECA club. He was also a member of the Yearbook Staff and DE program.

Keith is very active in church activities at Salem Kinser Methodist Church. Last summer he worked with his church in San Marcos. His hobbies include swimming, playing cards, baseball, and hanging out with friends.

He plans to attend the University of North Texas and major in business marketing. He hopes that someday he will work for a major investment firm.

Outstanding Senior

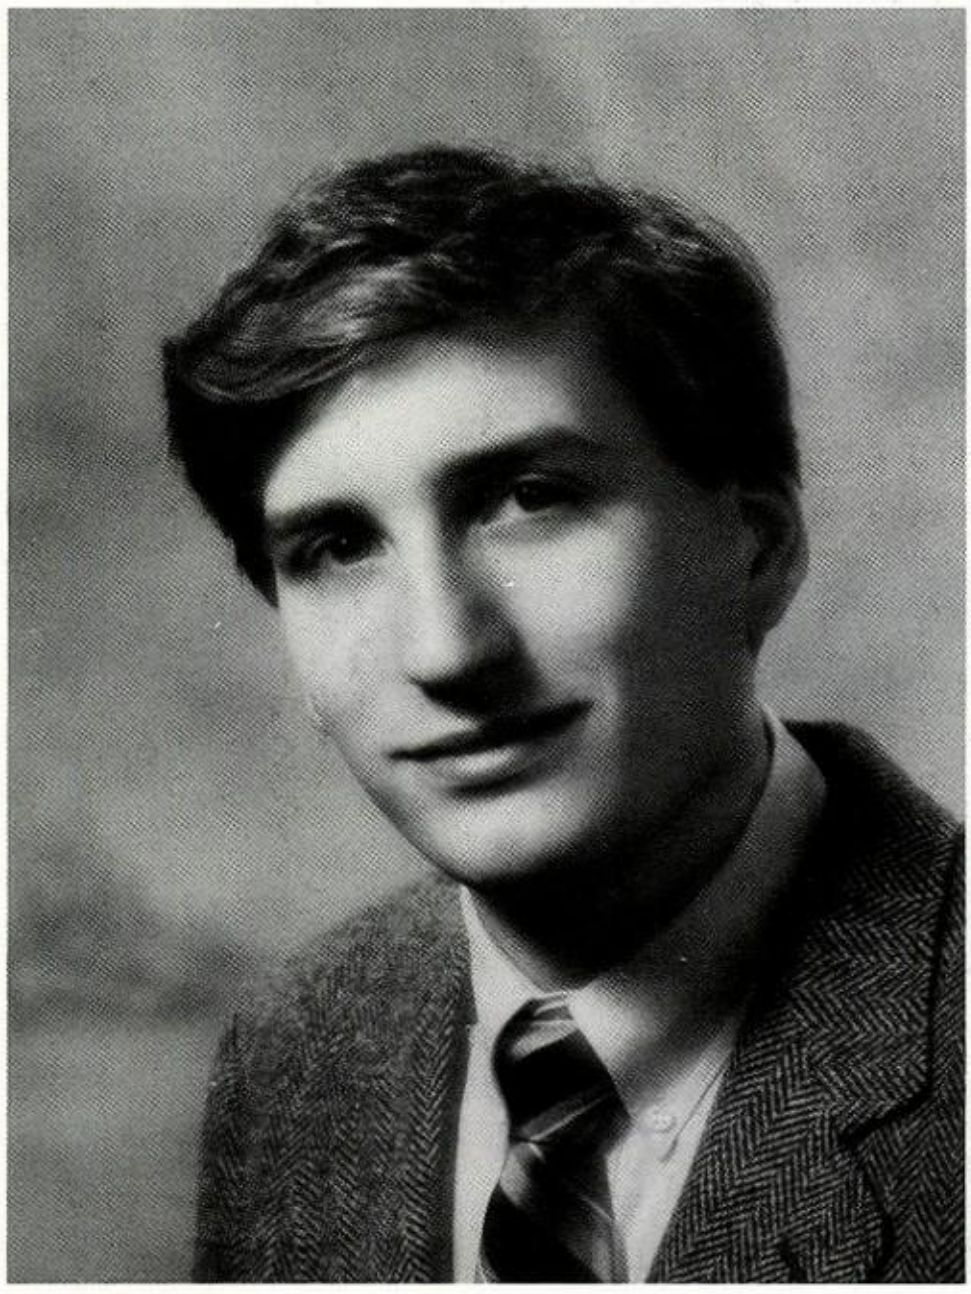
Michelle Rudd

When considering all the activities that Michelle Rudd has participated in, being an Outstanding Senior is not surprising. The time spent in Yearbook Staff, Pep Squad, Student Council, and Indian Heritage her sophomore and junior years paid off. As a senior she was co-editor of the Yearbook staff, Captain of the Pep Squad, Student Body Reporter, and President of Indian Heritage. She has also been involved in French Club, winning many awards.

She is planning to attend East Texas State University where she will study French. She will also like to maintain a management degree so that she may work in a hospital. She also hopes to receive a technology certificate in order to teach French.



Warren Fincher

When you look at all Warren Fincher's activities and awards, it is no wonder he was named Outstanding Senior. His leadership abilities and his personality will take him far in life. Warren was a member of the Odyssey of the Mind team that went to state last year. He is a member of the National Honors Society and served as President his senior year. As a two year member of Indian Heritage, he served as President. Some of his many other activities include Science Club, FLA, German Club, A Cappella, Daybreak, and Student Council.

Warren is very interested in Chemistry and was a part of the Chemistry II AP call. He hopes to attend Rice University and major in Chemical Engineering.

Q

Now that your senior year is almost over, what is it that you look back on?

A

It seems like only yesterday that we were going to grade school to learn how to read and write. Now, we are filling out order forms for cap and gowns. I feel as if I've lost it and now I have to be an adult. It all seems unfair, is this the real world now?

SPECIAL RECOGNITION

STUDENTS EXCEL

Every year there are a few groups that really excel in their area of skill. Whether it be OM or Student Council, these groups show what they are made of by being the best at what they do. **O.M.'s Gift of Flight** team has reached the World Finals where they will compete with teams from England, China, and Mexico. This is the first time GHS has sent a team to World Finals and we wish them the best of luck!

The **Girl's Volleyball Team** fought their way to state competition, the first ever at GHS also. Under the coaching of Beverly Humphrey, the girls played the best teams in state and claimed the district title.

Atilla Özdemir is our foreign exchange student this year from Germany. He is from Peine, West Germany and is a junior this year at GHS. He is fluent in Turkish and German, and is working on mastering English, Spanish, and French. He is leaving for his homeland on June 21. We'll miss you Atilla!

The **Student Council** recently attended the State Convention in Austin. For the first time in several years the Student Council produced a scrapbook. Under the leadership of Andi Johnston, the scrapbook received an excellent rating and will now continue the tradition. Congratulations!

The 1987-88 **Basketball Homecoming Queen** is **Kim Dennis.** Other than being Head Cheerleader, she has been involved in several activities. Nice going!

This is also the first year for the **Sheet Metal/Assembler Installer** class at GHS. The course was taught by Mr. Bow and has approximately 20 members. The class learned to assemble aircrafts and how to set up patterns of holes for drilling. After the completion of this course, the class members are able to work at E-Systems beginning this summer. Good Luck!

These people have added a spice of difference in the daily routines at GHS.
